AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of records. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

The increase in circulation for the last two years is due mainly to the fact that many more children in the lower grades are using the library. We are able to purchase enough books to take care of these children with the interest from the Amidon Fund. We should always be grateful for what this kind and thoughtful person did for the Hinsdale Public Library, as well as others who have left trust-funds. More adults are using the library each year and many have commented on the excellent appearance of the library and its facilities. This is always pleasant to hear.

During the summer the library was thoroughly cleaned and weeded of old and worn books. The library has been the recipient of gifts of books and magazines during the past year and they are greatly appreciated. New reading lamps are on the tables — a gift from the friends and family of the late Luella M. C. Streeter, our former librarian. Emergency lights have been installed so that if a power outage happens there will be no panic.

The Hinsdale Women's Club has donated two books to be used by the scout groups and their leaders.

The librarian spoke at the district meeting of the N. H. Women's Club at Fitzwilliam and also gave book reviews at the March meeting of the local club. The librarian and her assistant, Mrs. Varno, attended the New England Library Association Meeting held at Wentworth-by-the-Sea in October.

At this time the librarian wishes to thank her trustees for their help and cooperation during the past year. She also appreciates the courtesy extended to her by the students who use the library. These young people, who are tomorrow's leaders, deserve the best we can give them in school and the library. It has been said that "money invested in a library gives much better returns than stocks and bonds."

Please remember that the library belongs to you. Visit it and acquaint yourselves with its many facilities.

HINSDALE MUNICIPAL COURT

1965

The activity of the Municipal Court increased somewhat during 1965 in that the case load was up 17% and the total fines levied were up 108%. The noticeable difference between these two figures is due primarily to the type of case presented to the Court. In 1965 there were four 'driving while intoxicated' cases tried. This is in marked contrast to the years 1964 and 1963 where the record shows no DWI cases entered. The passage of the "Implied Consent" law has helped our law enforcement agencies in the prosecution of this type of case. In addition, there were three cases of leaving the scene of an accident, a serious charge that usually requires a more serious fine and possible jail sentence.

One case of assault was bound over to the Grand Jury and one Fish and Game Violation was entered. Two cases of assaulting a police officer were heard and the gravity of this charge is reflected in a 30 day jail sentence in one case and a fine and suspended jail sentence in the second. Five cases of Grand Larceny were reduced to Petty Larceny and handled in this Court. The balance of the cases were varied misdemeanors.

The Court has enjoyed the excellent cooperation of the Selectmen, Chief Wesley F. Ryan and his men, and the law enforcement agencies of the County and State. This cooperation has been sincerely appreciated, and I am looking forward to continuing this good relationship during the coming year.

PUBLIC HEALTH NURSING SERVICE

January 24, 1966

The following is a report of the activities of the service from January 1, 1965 to December 31, 1965.

Field visits	372
School Pupils Attended	534

The annual school physical examinations were conducted in the fall by Dr. John Trumper, assisted by the nurse. A total of 297 pupils were examined. The major defect found was decayed teeth.

Hearing testing was done on 97 pupils and no serious defect was found in this group.

Vision testing was done on 611 pupils and 42 defects were found.

In January and February, the Sterneedle test for Tuberculosis was done in the schools and 588 persons were tested. Out of this group, 15 had chest x-rays when the Mobile x-rays Unit was in town in March. These examinations were sponsored by the N. H. Public Health Department.

In July, when Operation Head Start was held at the Elementary School, ten persons had Gamma Globulin injections because of exposure to hepatitis.

In August the 15 pupils attending Operation Headstart had physical examinations by Dr. Thomas O'Connor. At this time the following immunizations were done. T. B. Patch Test—13; Triple Toxoid—4; Small Pox—5; Salk Polio Vaccine—2.

Measles and Scarlet Fever were prevalent in the school during the winter months.

In October, the nurses attended a School Nurses meeting in Concord.

I wish to thank those who have helped in carrying out the work of the service.

Playground Report

During the year the resignations of Robert Goss and Leonard Beaman were received. The committee again sponsored the Little League, Pee Wee League and Girl's Softball team and also the Town Team. Mr. Frank Copeland, our caretaker, again has kept our grounds, buildings and equipment in excellent shape. The area next to the pool is being filled in to provide parking place so cars will not have to travel across the field. Two basketball backstops were erected during the year. Next year plans call for a drinking fountain to be installed by the backstops on the ball field, new tetter boards, a slide and overhead ladder.

Mr. Robert Simonds was the supervisor for the summer season assisted by Miss Laura Rizzi.

We again wish to thank the Selectmen, Highway Department, Fire Department and all the others who helped us during the year. Our special thanks to all who helped make our annual nite before celebration a most successful affair.

Respectfully submitted,

RONALD PAGE,

BERNARD O'CONNOR.

REPORT OF THE ELEMENTARY SCHOOL PRINCIPAL

To the Superintendent of Schools:

I hereby submit my Fifth Annual Report as Elementary Principal in the Hinsdale School District.

Enrollment

Our school enrollment continues to increase at a high rate. Currently we have 481 pupils enrolled in grades K-7 with the largest number in the primary area. With this steady increase it will become necessary to add one additional teacher each year at each grade level. We now have three sections in grade one and will have three sections in grade two in the fall of 1966. Grade seven will be transferred to the high school building next year to allow for expansion in the elementary building. This move will enable the high school to operate a Junior High program and the 6, 6 division of pupils is best suited for over all educational development.

Curriculum

Our new math program is now in its second year with an extension to grade five and one section of grade six. With the beginning of school in 1966 we will have a complete new math program for all grades.

New materials in reading have enabled us to strengthen our reading program. Last year the Greenfield, Massachusetts Elementary Schools used the Hinsdale Reading Plan as a guide in setting up a new reading program within their elementary schools.

The science program has been coordinated with the high school science program, thus making science a sequential curriculum.

New books and supplies have been purchased in this area.

This year we have a special Education Class. The small number of pupils in this class makes it possible for more individual teacher help that will be measured in educational growth as the year progresses. The High School Guidance Director has given us much help in this area through pupil counsel.

At long last we have physical education facilities for some of our elementary pupils. It is a wonderful experience to see these young people have the privilege of using the facilities available in the new gymnasium. This year we will participate in a Junior High Invitational Tournament with several other towns.

In-Service Training

Elementary teachers have received instruction in the Spaulding Unified Phonics Method for teaching children correct and accurate speech, writing, spelling, and reading — as one integrated subject. The Spalding Method is a technique by which the child learns to write down the sounds used in spoken English as they are combined into words. Thus, conversely the child can pronounce any printed word. We will integrate this material with our basic readers to further strengthen our reading program.

In-Service Training will continue with educational material for reading and English that has been developed in the Salisbury Summer School.

Personnel

The following changes have been made on the Elementary Faculty:

Kindergarten — Mrs. Charles Wilder. Changed from grade two to Kindergarten.

Grade 1 — Mrs. Barbara Huntley, Skidmore College.

Grade 1 — Mrs. Hazel Anderson, Lyndon State College, formerly taught at the Austine School.

Grade 4 — Miss Juanita Smith, Lyndon State College, formerly taught in Newfane, Vermont.

Grade 4 — Mrs. Paul Breckell, Plymouth State College.

Grade 5 — Mrs. Leonard Haubrick, University of Hartford, formerly taught in Deerfield, Massachusetts.

Grade 6 — Mr. John Gallagher, University of New Hampshire, has had experience as teacher in grades 5, 6, 7, 8 and 9, elementary principal, and had several years experience in remedial reading and language training.

Special Education — Miss Mary Gaffney, Keene State College.

Art — Mrs. Brandt, accepted a position in Bellows Falls.

Mrs. Ismay Campbell retired after many years in the teaching profession. In addition to being an excellent teacher, Mrs. Campbell worked in administration for several years as Assistant Principal. We sincerely wish her a rich and rewarding retirement.

We have the same fine quality of lunches being served in our school cafeterias through the cooperative efforts of Mrs. Helen Bouchie, Mrs. Hortense Stephens, Mrs. Elizabeth Butler, Mrs. Elizabeth Bordner, and Mrs. Anna Majer. I would like to point out that this program is a health program and our lunches meet the federal requirements for Class A school lunches in all respects. Participation has increased and we sincerely hope you will continue your support for this program.

The instrumental music program enables us to continue with our band work. Elementary youngsters are not participating in the High School Band this year, however, as these pupils move into the upper grades many of them will help strengthen this phase of music education.

Mrs. Richard Bradbury, District Nurse, has conducted Vision and Hearing tests in all grades and has assisted in clinics and physical examinations for our youngsters. We are thankful for the interest and assistance extended to us by Mrs. Bradbury.

Mr. Paduchak continues to maintain our school, adding new paint and material as it is needed for the upkeep of our building.

Summary

The educational opportunities are exceptionally good in our schools because the people in our community are interested in high standards of excellence. Your continued cooperation will enable us to strengthen our program of instruction in every way possible. On behalf of the staff and pupils I extend my thanks for your help.

In closing may I again express my sincere appreciation to the School Board, Superintendent, Faculty, and Pupils for their loyal support in promoting an educational program we can all be proud of.

Respectfully submitted,

PAUL CHRISTIANSEN,

Principal

REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Superintendent:

It gives me pleasure to submit to you the annual report of the Principal of Hinsdale High School. It embraces the growth and activities of the School during the past calendar year.

In June 1965, we graduated forty-two young people from the High School. This was, in all probability, the last such graduation from the Town Hall. Among the list of graduates, the following are numbered.

Fred Warren Bliss	Gary Leslie Mitchell
James Francis Bonnett	James Leroy Nelson
Vincent Neil Crown	Sharon Ann Nesbitt
Darwin James Delano	Simone Alicia Passeneau
Linda Joyce Theresa Duranty	Manuel John Pavao
Michael James Finnell	Constance Marie Principe
Steven Blair Gilson	Dianne Marie Quinn
Donald George Hamilton	Bernard Everett Rideout, Jr.
Brenda Joyce Hastings	Rita Marie Robare
Sandra Jane Holbrook	Edward Channing Rouillard
Linda Marie Jackson	Roger Frank Rubeor
Roger Edward Jasienowski, Jr.	Susan Elizabeth Schonning
Heidi Kendrick	Paul Willis Sevigny
Gail Esta Kenny	Nancy Maud Sherman
Andrea Jean Kolnaeki	Elizabeth Ann Sikoski
Virginia Lee McCauley	Linda Slicer
Mary Catherine McCormick	Larry Wayne Stancilift
Malcolm Harold McDonald	Colleen Effie Taft
Richard Anthony Mecheski	Carol Lee Varno
Gloria Jean Merton	Mary Ann Elizabeth Whittle
Stewart Jack Metcalf	Sherman Robert Williams

Close to 35% of the graduates of this class have gone on to further their education. Some 17% of the group are today

students at full colleges or universities, and another 17% are at specialized two-year college or vocational schools. These young people are studying at such points as Keene, Durham, Concord and Exeter, N. H.; Boston and Worcester, Mass., and Hartford, Conn.

Additionally, it is known that another five of our young men are today serving in the Armed Forces. Their duty stations are scattered around the world, from this country to the central highland of Viet Nam.

The balance of the graduates are, for the most part, gainfully employed in the Brattleboro-Hinsdale area.

In terms of our overall student population, there has been only slight growth this year over last year. In terms of percentages, we can customarily expect a 4% enrollment increase from year to year. The future enrollments, which will, in total, encompass a six-year Junior-Senior High School, will exceed 300 students by September 1966. Obviously, such growth will provide the impetus for curriculum enrichment to an even greater degree.

The faculty changes were few this past year, with one teacher leaving in June, and another in November. During the summer, Mr. Pratt was replaced by Miss Virginia May, a 1965 graduate of Keene State College. In November, Mr. Devoid left to accept a government position, and was replaced by Mrs. Phyllis Ross, an alumna of Hunter College, New York. Because of greater pupil enrollment and increased curriculum demands, an addition to our staff was made in the Science field. This position is being filled by Mr. Charles Larracey, a 1965 graduate of the University of New Hampshire. In addition to these changes and additions, our District Art Supervisor, Mrs. Brandt, left to accept a position in Bellows Falls, Vermont. The supervisor's position yet remains to be filled.

From time to time, as is our custom in these Reports, we like to mention various on-going features of the High School program. In the forefront in this area is our Guidance Department under the direction of Mr. Albert Studer. In our Hinsdale Schools, Guidance services are available to all students from

grades one through twelve. In the high school area more than just our college-bound students are served. The full resources of the Department are brought to bear for the terminal or business-oriented student as well. For those not going on to school, for example, the facilities of the New Hampshire Department of Employment Security are utilized in an aptitude testing program, the individual results of which are permanently filed in the local Employment Security office. When ever in later life a student is in need of a job, his potential employer need only contact this office to obtain all the information he needs on the strengths, weaknesses, and aptitudes of the person applying. And, working from another angle, knowing the qualifications of the individual who has been tested, the office can be of great benefit in helping that person locate employment.

Our Guidance Department further assists non-college students by "service counseling" for those who may be considering the Armed Forces following graduation. For those going directly into the business world, there are field trips, sponsored by the Department to local firms and industries, so that the young people might gain a better knowledge of the demands of such employment.

For those students still enrolled as pupils with us, there is the regular eight and tenth grade testing programs, plus the counseling for other specialized tests of the college-bound youngster. When needed, individualized tests and counseling of troubled or disturbed students is available, not only at the High School, but at the Elementary School as well.

In continuing this Report, there is another area that gives me considerable pleasure. That, of course, is the expanded facilities at the High School which now include a specialized Art Room, Music Room, and fully-equipped gymnasium. These facilities are seeing more and more use, with the gymnasium facilities being used almost continuously from eight o'clock in the morning to seven o'clock at night, and on special occasions, even later in the evening. The effect this has had on our students is becoming increasingly more obvious. The gymnasium, of course, also is our auditorium for theatrical, musical, or

other specialized uses. The convenience of these facilities to the School is very much appreciated. However, considerable work remains to be done in the area of the stage to fully equip it for musical or dramatic presentations. Of prime importance here is the need for a backdrop curtain and adequate and efficient lighting on stage. These features are expected to come with time.

It is always a pleasure to report to you the status of our student activity program. The high point in the life of this School, of course, was its designation as State Band for the 1965 Inaugural Parade in Washington. This prominence demonstrated many things, but chief among them are these three: the ability of our youngsters in the Band to rise to the occasion of their great honor; the tremendous loyalty and support of our community in backing our youngsters; and thirdly, the very effective and successful role a school of our size can play in a world so pre-occupied with largeness of size. All of this is most gratifying; and it must be mentioned, that this was made possible in part by the almost total endorsement and support of this School's faculty and administration. Honor came as a result of a total team effort.

In the area of our athletic program, it is a pleasure to report the decided improvement in performance. This is noted in several fields, among them — Soccer, in which Mr. Bonneville successfully guided the team to its second consecutive Southwestern League Championship with an impressive 12-2 record. With the completion of our new gymnasium and its basketball facilities, our Basketball squad under Mr. Beauregard is showing a vast improvement over the performance of previous years. To further build good Hinsdale teams of the future, a junior varsity and junior high program has been established. This will certainly cause an overall improvement in the athletic picture. Under the Athletic Directorship of Mr. Beauregard, an intramural athletic program involving grades six through twelve is being fostered.

It gives me further pleasure to report that an expanded Adult Education program was inaugurated this year. Five subjects were offered to a total enrollment of 42 people. Although

this enrollment figure is somewhat lower than we would like, the newness of the Program and the calendar dates in which it was held might offer some partial explanation. We will definitely continue this program in the months to come, and will strongly consider a fall offering rather than one during the Winter months. All things being considered, I would say the Program was a success.

In looking ahead to the future, and ascertaining the direction in which we will travel, I would indicate a continuance of the policies and philosophies now established. There is no doubting the fact that continued growth will be with us for several years to come. To better enhance the educational opportunities of our youngsters, the development of a "six-six" plan of education is welcomed. More can be done on the secondary level for our young people in a Junior-Senior High set-up. Further expansion of our curriculum is indicated. The success of such new programs as Driver Education and full-scale Physical Education point the way to future curriculum successes. An expansion of the Business Education department is definitely indicated in order that our graduates might keep pace with the fast-moving developments and trends in the commercial field.

In retrospect, it becomes immediately apparent that the progress being made by our High School is due in large part to support from several vital areas. Without the continued, willing support of the townspeople who have done so much for us in the past, without the continued strength of a dedicated School Board behind us, and without the untiring loyalty, patience and perseverance of a fine faculty, much of what Hinsdale High School now has and now stands for, would have been extremely difficult to achieve. Our unending gratitude is expressed for all this.

Respectfully submitted,

BRUCE E. STEWART, JR.,

Principal

The total professional staff now numbers thirty-five which is a net increase of two over a year ago. There are seventeen faculty members in the high school and eighteen in the elementary school.

The current enrollment shows a total of 702 boys and girls enrolled in grades K through twelve. This is an increase of 48 over a year ago. There are thirty-eight more boys and girls in the elementary school and ten more in the high school.

In projecting future enrollments, it was assumed that grade seven would be moved into the high school. Therefore, although the elementary enrollment for next year is less than the current year, the high school enrollment increases. In combining both schools, it can be seen that the total enrollment will again increase. Although in and out migration affects predictions based upon enrollment projections, the trend, neverthe-

less, is for increasing numbers of boys and girls to be educated in our schools.

SCHOOL FACILITIES: The citizens of Hinsdale have again demonstrated their intention of providing the best possible educational program for their children. The addition of an auditorium-gymnasium and appurtenant facilities greatly enhances the opportunity for an improved program. The School Board and the School Planning Committee are also to be commended for the long hours and dedicated service they have given to the task of providing this addition to the high school.

EDUCATIONAL PROGRAM: A year ago, I indicated certain areas which were in need of attention. Among these needs were special education for intellectually retarded, physical education for high school boys and girls, driver education, and elementary school library services. In every case, except the last, we are now offering these services. Progress is indeed being made.

In order to expand and improve our educational offerings to boys and girls, it is recommended that the seventh grade be moved into the secondary school. Home Economics, Industrial Arts, Physical Education, and Art are offerings which can be effectively offered to these pupils. An expensive facility like an auditorium-gymnasium demands that it be as fully utilized as possible. Specialized services which are available in a high school program will reach a larger number of pupils in a 6-6 school organization.

In thinking back over the past five years, it becomes clear that Hinsdale has taken giant strides in meeting the demands of our complex age. The citizens of Hinsdale should take pride in their accomplishments but, at the same time, guard against complacency. Although the price tag at times seems unbearable, the dividends received from investing in education benefits the whole community.

Again, I wish to express my sincere gratitude to the principals and teachers, pupils and parents, the School Board and

School Planning Committee, and the patrons of our schools for their understanding and cooperation.
